Color of Solar Panels:

Max. Height above Roof/Ground:

Summary Description:

ALL SUBMITTALS must include a copy of a Site Plan (Lot Survey), being an 'overhead view' of your entire Property with the location of all existing and proposed improvements shown. Existing fencing on your Property OR ON ADJACENT LOT(s) must be marked with "o"s. ALL SUBMITTALS must also include an Elevation Plan, being drawings or pictures showing what the proposed Improvements will look like when viewed from the side. GROUND-MOUNTED SOLAR PANELS ARE PERMITTED (IF AT ALL) ONLY IN REAR YARD; AND ON CORNER LOTS MAY NOT CROSS SIDE YARD BUILDING SETBACK LINE (FREQUENTLY SHOWN ON PLATS AND SURVEYS AS "B/L"). Provide pictures of Solar Panels AND all conduits, control panels, equipment boxes, etc. (which must match color of siding where connected/mounted). All wires must be hidden.

SITE PLAN (Lot Survey) showing overhead view of entire Lot and all existing and proposed Improvements

ELEVATION PLAN (Pictures or drawings) showing appearance of Proposed Improvement as seen from the side

Application and supporting documents should be uploaded to the Omni Portal App, or (i) mailed to Omni Community Association Managers, Attn: Design Review Board, P.O. Box 395, Grove City, OH 43123, or (ii) emailed to drb@omnihoa.com. ****Processing does not begin until a complete application is submitted, including payment of the processing fee****
